To: All Continental Tire SportsCar Challenge Competitors

From: IMSA Competition

Date: 21/12/16

Re: 2017 IMSA Continental Tire Sportscar Challenge Technical Regulations Publication

IMSA has published the 2017 IMSA Continental Challenge Technical Regulations as of today's date in Blackline form for each Car class, GS and ST.

The format and philosophy of the GS Technical Regulations differs substantially from that of 2016.

The Blackline versions are the official 2017 Continental Tire Sportscar Challenge Technical Regulations documents for each class of Car.

After this date, changes to the official 2017 Continental Tire Sportscar Challenge Technical Regulations are issued via Technical Bulletin and an updated edition of the Technical Regulations published, with the changes shown in red.
