IMSA TECHNICAL BULLETIN ICTSC #17-05

To: All Continental Tire SportsCar Challenge Competitors

From: IMSA Competition

Date: 20 January 2017

Re: GS Technical Regulations Update

Please find the updated GS Technical Regulations with updates relating the air jack wand receptacle location with changes to the previous document in **RED**.

[GS Technical Regulations](#)

9-5 Chassis

9.5.2. Air Jack System

a. Air Wand Receptacle

- i. Air wand receptacles may be repositioned symmetrically about the longitudinal axis of the car unless alternate mounting locations are specifically identified in the Homologation Document.
