## IMSA COMPETITION BULLETIN ICTSC #16-02

To: All IMSA Continental Tire SportsCar Challenge Participants

From: IMSA Competition

Date: 22 January 2016

Re: Cumulative Updates

---

The following corrections, additions (where shown in red) or deletions are made to the 2016 IMSA Sporting Regulations & Series Supplementary Regulations for the Continental Challenge:

- 13.2. **(SSR) Entrant Entry List Updates:** Prior to the Event, IMSA releases a Pre-Event Provisional Entry List. Once at an Event, all updates to the entry list must be submitted at the IMSA Continental Challenge transporter. The official entry list is updated during the Event at the Post-Safety Checks, ~~Pre-Qualifying~~ and Pre-Race intervals.
- 15.1. Competitors may be required to carry In-Car-Cameras (ICC) and cooperate with the official broadcaster in the installation of such, including the provision of power for such equipment, which may require battery packs for longer Races. Cars equipped with ICC must display the Car number in the ICC's home position field of vision. Once installed for an Event, ICC must not be removed or disabled by the Competitor for any Session. All images generated by the official broadcasters are copyright of IMSA and/or its designees, or the broadcast copyright holder. No right of interest accrues to the Competitor from carrying such equipment. Non-compliance may result in penalties. **3G Wireless LLC** is the exclusive provider of ICC for IMSA. For technical questions, ~~including technical drawings, electronic or power requirements,~~ please contact the IMSA' technical liaisons: **Mark Hull** at [mhull@nascar.com](mailto:mhull@nascar.com) or **Bill Stafford** [bstafford@nascar.com](mailto:bstafford@nascar.com).
