Re: Drivers Categorisation – Categorisation objection

Dear Competitors,

From now on, the decisions by the Drivers Categorisation Committee regarding your allocated category may be reviewed by returning to your submitted application form via the following link:

<http://private.fia.com/categorisation>

Once you have returned to your application, please click on the tab « category objection », and then on the tab « new rectification » section as shown below :

Please note that the revision request is no longer free of charge and will incur a cost of 250 euros (payable by bank transfer or credit card).

Should you need assistance in that matter, please contact Mr Sina Amirdivani (samirdivani@fia.com).

Thank you in advance for your kind attention,

Best regards,

Sina Amiridvani
