

## IMSA TECHNICAL BULLETIN IPC #18-02

To: IMSA Prototype Challenge Presented by Mazda Participants

From: IMSA Technical Department

Date: March 8, 2018

Re: P3 Fueling Hose Regulation (Revised)

---

Please find the following updates to the IPC – P3 Technical Regulations as follows:

- 11.4.3. Refueling hose minimum length must be greater than **4 meters**.
  - a. Minimum length is measured from the most distant plane of the dry break/fuel probe to the most distant plane of the fuel hose coupler.
