Jim Trueman / Bob Akin Driver Award Programs

The Jim Trueman / Bob Akin Driver Award programs (Trueman / Akin) recognize outstanding Drivers in the P and GTD classes who, while not professional Drivers, have established themselves and their driving credentials in the racing community through their talent, effort and determination. These awards are presented to those Drivers based on their individual performance, the performance of their Teams and their driving contribution to the Race result of their Car.

The Trueman / Akin programs are intended for Drivers that have built a career outside of racing. These Drivers may become Race winners and champions but they are distinguished by the presence of a business career or other professional pursuit away from the racetrack.

Trueman / Akin Drivers compete for honors at each Event and for a special season-end trophy and the opportunity to earn an invitation to participate at the 24 Hours of Le Mans. The Jim Trueman award winner is eligible to earn an entry in the LM P2 class in a Car registered in the appropriate ACO homologated category. The Bob Akin award winner is eligible to earn an entry in the LM GTE Am class at Le Mans.

For the specific requirements of the Trueman / Akin Award programs, please refer to the IMSA WeatherTech SportsCar Championship Sporting Regulations.

To apply for participation in the Trueman / Akin Award programs, Silver-rated Drivers must complete and submit the form on the following page. Bronze-rated Drivers are automatically eligible (but may opt-out).

1 Daytona Blvd. Daytona Beach, FL 32114 386-310-6500
