IMSA COMPETITION BULLETIN IWSC #19-02

To: All IMSA WeatherTech SportsCar Championship Participants

From: IMSA Competition

Date: 2 November 2018

Re: 2019 ROAR Before the Rolex 24 Qualifying

This Competition Bulletin is to outline the procedure that to be implemented at the ROAR before the ROLEX 24 Event for the purpose of allocating Pit lane and Garage assignments for the 2019 Rolex 24 Hours of Daytona.

This information is posted in the "2019 WEATHERTECH SPORTSCAR EVENT INFORMATION" section listed under 2019 Events / ROAR before the Rolex 24.

PIT LANE ASSIGNMENTS

- 1). Pit boxes are assigned by the lap times achieved during class-specific qualifying sessions held on Saturday, January 5 (GTD) and Sunday, January 6 (DPi/LMP2/GTLM) at the ROAR before the 24.
- 2). Pit boxes are assigned in the order: DPi/GTD/LMP2/GTLM.
- 3). Multi-Car Entries are placed in adjacent pit boxes in order as determined by the Entrant's Car with the fastest lap time.
- 4). All Cars must use the pit box assigned to them.
- 5). If such Cars prefer to be pitted separately, the respective Team Representative must inform IMSA no later than the entry deadline for the first IMSA Sanctioned Event of the season (or if a single-Event entry, the entry deadline for the first Event for that Team) and shall then be assigned pit boxes separately for the season. Reverting to adjacent assignment is prohibited.

GARAGE ASSIGNMENTS

- 1). Garages are assigned by the lap times achieved during class-specific qualifying sessions held on Saturday January 5th (GTD) and Sunday January 6th (DPi/LMP2/GTLM) at the ROAR before the 24.
- 2). Garages are grouped together by class and consideration is given to Teams entering Cars in multiple classes, however all decisions by IMSA are Conclusive and not subject to appeal.
- 3). Multi-Car Entries are placed in adjacent garages in order as determined by the Entrant's Car with the fastest lap time.
- 4). All Cars must use the garages assigned to them.
- 5). Team Cars that prefer to be pitted separately will be garaged together with the fastest Car setting the order by Class.

No dispensation will be given regarding special requests for suite / office pit box or garage proximity.
