IMSA COMPETITION MEMO IPC #18-08

To: All IMSA Prototype Challenge Presented By Mazda Participants

From: IMSA Competition

Date: October 11

Re: Paddock Transportation Responsibility

Based on reports of the promoter, track security and the local authorities, IMSA reminds operators of ATVs, motorcycles and/or scooters outside of the Paddock that wearing a helmet is required (as clearly noted on the signs at the Paddock exits).

Additionally, operators of any vehicle in the Paddock are reminded of their responsibility to operate safely, at a low speed, and in consideration of the substantial number of fans at the Event.

Improper or unsafe operation of vehicles inside or outside the Paddock are subject to penalty. Spectator and competitor safety is paramount.
