To: All IMSA Prototype Challenge Participants

From: IMSA Competition

Date: December 13

Re: 2019 Transponder and Router Ordering

The 2019 Equipment Order form is now available online. Included in the order form are X2 transponders and pit lane routers.

No changes are required if you have a blue Driver ID transponder from the previous year. For new installations, please follow the instructions included with the X2 Transponder to register and active before installing on the Car per the technical regulations.

Routers for use in pit lane are still required. Routers used in 2018 will work again for 2019. If you do purchase a new router, they will be available Thursday, January 3, from 2:00 pm - 4:00 pm at the IMSA pit cart in pit lane.

To place an order please use the [2019 Equipment Order Form](#). Equipment is listed by class in the order form. A limited number of blue Driver ID transponders are available for purchase at 2018 pricing. Please contact Sarah Serle for information sserle@imsa.com.
