Date: December 13

Re: 2019 Transponder and Router Orders

The 2019 Equipment Order form is now available online. Included in the order form are X2 transponders and pit lane routers.

Driver ID is now managed through the IMSA Scrutineering Logger for all classes. Each Team is required to purchase X2+ Transponders for Cars. Two (2) are required for DPi and LMP2, one (1) is required for GTLM and GTD.

Routers for use in pit lane are still required. Routers used in 2018 will work again for 2019. If you do purchase a new router, they will be available Thursday, January 3, from 2:00 pm - 4:00 pm at the IMSA pit cart in pit lane.

To place an order please use the [2019 Equipment Order Form](#). Equipment is listed by class in the order form.
