IMSA COMPETITION BULLETIN IPC #18-05

To: IMSA Prototype Challenge Presented by Mazda Participants

From: IMSA Technical Department

Date: December 29, 2017

Re: 2018 Prototype Challenge Pit Lane Information

Entrants are reminded to review Article 35 of the Sporting Regulations regarding Pit Lane and Pit Stop Procedures. Attention to Article 35.3.3 is necessary. (Electronic tools, devices or other equipment that may generate sparks are prohibited in the Pit Box during refueling and wheel changes.) For clarity, this includes battery powered wheel guns.

Also, please review 37.4.1 regarding refueling equipment. (Fueling in the pit lane during a Race must only be done using the IMSA approved autonomous tank or approved un-pressurized container(s) not exceeding 25 liters (6.5 gallons) capacity, vented to atmosphere and with a leak-proof coupling connecting it to the Car.)
