## IMSA TECHNICAL BULLETIN IWSC #18-08

To: All IMSA WeatherTech SportsCar Championship Competitors  
From: IMSA Competition  
Date: 3 January 2018  
Re: Dummy camera mounting - IMSA WeatherTech Prototype Class ONLY

---

IMSA continues to work closely with 3G to develop a new roof mounted camera for use in the Prototype class. As the 2018 camera and mounting system will not be fully developed for use at the ROAR or the Rolex 24 at Daytona, IMSA is requesting all “dummy” camera pods be removed prior to on track activity.

IMSA will update the future Regulatory requirements after the Rolex 24 hours of Daytona.

IMSA PROTOTYPE Technical Regulation 10.9.b concerning the in-car camera requirement of the dummy pod on their roof will be waived in lieu of the new required removal of the dummy pods for the ROAR and Rolex 24 at Daytona only.

Please address any specific questions please address them to Geoff Carter: [gcarter@imsa.com](mailto:gcarter@imsa.com)
