IMSA TECHNICAL MEMO IWSC #18-03

To: All IMSA WeatherTech SportsCar Championship Competitors
From: IMSA Competition
Date: 3 January 2018
Re: IMSA Refueling System Calibration Check

IMSA will be conducting mandatory refueling system calibration checks on January 4, 2018 to January 5, 2018 at the ROAR Before the Rolex 24.

If any 2017 IMSA Entrant has broken the 2017 IMSA seal on the rig/sensor, recalibration is required at the ROAR at a time prescribed by IMSA. Competitors must notify IMSA (cnovotney@imsa.com) of broken or missing seals by 8:00 PM January 3, 2018.

FUEL LEVEL SENSOR CALIBRATION CHECKS

Fuel level sensor calibration checks will be conducted on pit lane January 4, 2018 3:00 PM to 6:30 PM and January 5, 2018 7:30 AM to 9:30 AM.

- Fuel rig must be setup on Pit Lane at the height prescribed in the regulations
- Team must have new drum of fuel available
- Fuel Sensor must be connected to the IMSA Pit Lane Network 30 minutes before scheduled test time
- Two team representatives are necessary and must wear fire equipment as outlined in the 2018 IMSA Sporting Regulations Article 21.2.1. A full-face helmet is not required.
 - o One team representative is responsible for filling the fuel rig to prescribed levels at the direction of an IMSA Official
 - o Second team representative is responsible for manning a fire extinguisher during the calibration process
- All fuel rigs should be filled with roughly 60 liters (~16 gallons) of fuel before scheduled time. No additional fuel may be added until directed by an IMSA Official.

Team representatives are required on pit-lane during the scheduled time for the fuel level sensor calibrations listed below:
