Re: 2018 WeatherTech Championship Fuel Flow Sensors

IMSA WeatherTech SportsCar Championship DPi, GTLM, and GTD Entrants are required to run fuel flow sensors for the 2018 season beginning at the ROAR Before the Rolex 24. Select LMP2 Entrants will be required to run fuel flow sensors on a per event basis with the sensors supplied by IMSA and must be returned at the end of the Event.

DPi and GTLM Entrants must order the sensors through Sentronics by 30, November 2017. The order form is attached below.

GTDM Entrants will be provided the fuel flow sensor through their respective Manufacturer.

For Prototype and GTLM classes the fuel flow sensor is Sentronics part number ET-100-01

For the GTD class the fuel flow sensor is Sentronics part number ET-200-01
