IMSA TECHNICAL MEMO IWSC #18-07

To: All IMSA WeatherTech SportsCar Championship Competitors
From: IMSA Competition
Date: 2 May 2018
Re: Mid-Ohio Refueling Restrictor Declarations

This memo details refueling restrictor declaration procedures specific to the Mid-Ohio Race Event only.

Consistent with the Technical Regulations specific to each class, all competitors must declare refueling restrictor diameters by 5:00 PM Local Time on Saturday May 5th. Declarations will now be accepted only through TIMS as detailed in the updated Technical Regulations released via Technical Bulletin #18-23. TIMS can be found with the following link: <http://tims.imsacompetitors.com>

All fuel rigs will be inspected and sealed by an IMSA Official prior to Warm Up at 8:00 AM Local Time on Sunday May 6th.

Should a competitor elect to redeclare the restrictor diameter following Warm Up, updates must be submitted to TIMS no later than 8:50 AM Local Time on Sunday May 6th. The fuel rig will then be re-inspected and re-sealed by an IMSA Official prior to Pre-Race activities.

As a reminder, the procedures outlined above are specific to the Mid-Ohio Race Event only.
